

LAA Day of Action

October 1, 2026

On October 1, the first day of Canadian Library Month, public libraries across Alberta will participate in a coordinated day of action and public closure in response to the Government of Alberta's recent changes to the Libraries Regulation. This action is intended to raise awareness about the significant impact these regulatory requirements will have on public libraries, their staff, and the communities they serve. The regulation requires libraries to implement new policies, access controls, age-verification processes, and collection management procedures by January 1, 2027. More details to come.

Watch our website, Facebook, and Instagram for updates.

October is Canadian Library Month and we're celebrating alongside some of our vibrant local businesses!

Show your library card at these businesses and get the following deals!
