## What are Early Chapter Books?

These books are a bridge between picture books and chapter books and have larger text, fewer words on the page, and more pictures compared to other picture books. These books are for beginning readers ages 6 to 9, usually in grades 1-2. They are great for read-alouds and pre-readers.

Stop in and see the NEW titles in this growing collection today!

THANK YOU to our corporate  
and Municipal sponsors for  
their continuing support.
